

CityJet SSJ100 Makes its Debut in Farnborough 2016

June 28th 2016

The Sukhoi Superjet 100 aircraft with the livery of CityJet airlines will be displayed in the Farnborough International Airshow, which will be held from July 11th to 17th.

Dublin-based CityJet represents the first European customer operating the Sukhoi Superjet 100. The airline ordered 15 SSJ100 and further 16 options. The first SSJ100 is currently flying in Europe on the CityJet network.

After the Interjet SSJ100, which was successfully exhibited at Le Bourget and Farnborough airshows, this year the attendees will have the opportunity to appreciate the SSJ100 in the CityJet colours and exclusive interior designed by Pininfarina.

“The debut of the CityJet SSJ100 at Farnborough is a special event for the SSJ100 Program. The selection of CityJet was based on the maturity level we reached on the supportability of the Program, combined with the superior economics in the European sophisticated theater” states Nazario Cauceglia, Chief Executive Officer of SuperJet International.

“Presenting at Farnborough the SSJ100 of our first European customer is a big milestone – says Ilya Tarasenko, President of Sukhoi Civil Aircraft - today the SSJ100 Program is marked by a growing interest throughout the world, as it is a cutting-edge and reliable product in the regional aviation market. Owing to its business development and geographic expansion in operations, today the SS100 can be seen in 120 airports worldwide.”

The SSJ100 aircraft of CityJet is in the 98-seat configuration, five abreast seating in a generous 32” seat pitch combined with a wider seat and cabin height of over 2 meters.

Backgrounds

Sukhoi Superjet 100 (SSJ100)

Sukhoi Superjet 100 - a new-generation regional jet designed, developed and produced for the global market by Sukhoi Civil Aircraft Company (SCAC) in partnership with Leonardo-Finmeccanica. The plane is created with the latest technology and provides a high level of operational efficiency. SSJ100 is designed to carry passengers as short-haul and medium-haul routes. The operating range for the basic version is 3,048 km and 4,578 km for the long range version. The first flight of the Sukhoi Superjet 100 was in 2008, the first aircraft delivered to the customer in 2011. The total number of aircraft manufactured by May 2016 is 102. Today the SSJ100 is certified by EASA, IAC AR, etc.

Sukhoi Civil Aircraft Company

Sukhoi Civil Aircraft Company (SCAC) was founded in 2000 to develop new. The main project of the Company is Sukhoi Superjet 100 aircraft. The Company is responsible for development, certification, production and marketing of Sukhoi Superjet 100. Headquartered in Moscow, the Company has a production branch in the Russian Far East - in Komsomolsk-on-Amur city. The shareholders of Sukhoi Civil Aircraft Company are Sukhoi Holding (a UAC Company) and the Italian Leonardo-Finmeccanica Company since 2009.

SuperJet International

SuperJet International, a joint venture between Leonardo-Finmeccanica Company and Sukhoi Holding, is in charge of the marketing, sales, customization and delivery of the Sukhoi Superjet 100 regional jet in Europe, the Americas, Oceania, Africa and Japan. The Company is also responsible for training and worldwide after-sales support. Given the international nature of the program, SuperJet International has established two Training Centers based in Venice and in Moscow. SuperJet International's assistance is provided through SJI's Customer Care Center, based in Venice (Italy), in "request-response" mode, in close coordination with SCAC. The core of SJI offer in support of SSJ100 operators is represented by the SuperCare Plan, a modular pay-by-the-hour spares logistic solution aimed to cover a wide range of services. SJI logistics strategy for spare parts distribution is based on the centrality of its warehouse, located at the International Airport of Frankfurt (Germany), and managed by Lufthansa Technik Logistik Services, and complemented by its warehouses in Moscow and Zhukovsky (Russian Federation), and Fort Lauderdale (U.S.A.).
